

Spring 2010: eBooks

The cost of textbooks and shipping are a pain point for our students, we continue to strive to find ways to ameliorate that burden each term by offering an electronic option for our students wherever possible.

Through the University's virtual bookstore, MBS, is offering a new and improved eBook option for our students. This quarter there are over 100 eBooks available through MBS. Please share the attached list of eBooks available with your students and campus staff. Each term we work to build upon this sizeable base and will continue to keep you notified of new titles that are added.

eBooks – Did you know?

eBooks are electronic versions of the textbook that offers immediate access to the textbook material as well as several other added features.

- Spring 2010 - 116 courses offer an eBook option
- eBooks offer a savings of up to 40% over a printed text
- Our **new** eBook platform offers user-friendly interactive features such as:
 - highlighting
 - note taking features
 - search features
 - hyperlinks to additional resource material
- A list of courses with eBooks can be found on the following chart

To View a VitalSource eBook Demo, please click [here](#).

Spring 2010: Free eChapters

eChapters offer students immediate access to the first few chapters of their textbooks while they are waiting for the print book to arrive. eChapters help students to keep up with required reading and assignments until they receive their course material, without having to pay expedited shipping costs. For Spring 2010, eChapters that are available from the publisher are attainable free of charge to our students. A list of courses with eChapters can be found below.

How do students gain access to free eChapters?

Students may obtain free eChapters two ways;

- Many eChapters available have already been loaded into the online platform of the course, giving students free access.
- Additional eChapters are available through the University's bookstore, MBS Direct. Students may order these free eChapters by selecting the "Buy an eChapter: \$0.00" when ordering the textbook through MBS Direct.
- A list of courses with eChapter platform can be found on the following chart below.

Spring 2010 eChapters and eBook listing
