

## Summer 2010: Free eChapters

eChapters offer students immediate access to the first few chapters of their textbooks while they are waiting for the print book to arrive. eChapters help students to keep up with required reading and assignments until they receive their course material, without having to pay expedited shipping costs. For Summer 2010, eChapters that are available from the publisher are attainable free of charge to our students.

### How do students gain access to free eChapters?

Students obtain free eChapters;

- Many eChapters have already been loaded into the Strayer Online platform for the course, giving students access the **first day of classes**.
- Several course are sent by MBS within 24 hours of the student purchasing the text
- A list of courses with eChapters and the method of obtaining can be found on the following chart
