

## Free eChapters (Winter 2012)

eChapters offer students immediate access to the first few chapters of their textbooks while they are waiting for the print book to arrive. eChapters help students to keep up with required reading and assignments until they receive their course material, without having to pay expedited shipping costs. eChapters that are available from the publisher are attainable free of charge.

### **How do students gain access to free eChapters?**

Not all courses or textbooks have eChapters available. For all courses where eChapters are available, the files are located in the student's Blackboard course shell under the Student Center. Below is a list of courses with eChapters loaded into the course shells, giving students free access as of the first day of classes.
