

Strayer University recognizes that the cost of textbooks and shipping are a pain point for our students, and as a result, we continue to strive to find ways to ameliorate that burden.

Some of the options available to help students are eBooks and eChapters. Strayer University, through our virtual bookstore, MBS, is offering a new and improved eBook option for our students in over 115 courses. Over the coming quarters, we will continue to build upon this sizeable base. In addition, we continue to expand upon the number of eChapters that we make available to students. eChapters give late-registering students immediate access to textbook material while they are waiting for their textbook to arrive, without costly expedited shipping.
